The image displays three vertical panels of a 6mm horizontal ruled line refill for a bible size organizer. Each panel is designed for right-hand page use and features a top margin with two red dots. A vertical dashed line is positioned on the left side of each panel, and a yellow shaded area is located on the right side. The panels are separated by vertical lines and have '6mm' and 'horirium' labels at the bottom.

The image displays three identical panels of a horizontal ruled line refill for a bible size organizer. Each panel is designed for a 6mm binding. The layout includes a vertical dashed line on the left side, a yellow shaded margin on the right side, and a ruler at the bottom. The panels are labeled '6mm' and 'horirium' at the bottom. The top of each panel features a ruler and two dots. The middle of each panel features a vertical dashed line and a yellow shaded margin. The bottom of each panel features a ruler and the text '6mm' and 'horirium'. The panels are arranged in a row, separated by vertical lines.
